

## Doll Clothes Bag

Fold 60" fabric in half lengthwise, selvages touching. Cut two bags 12" x 15" .

Sew around sides and make a one inch hem for the drawstring. If you don't have a serger, just zigzag over the edges to keep fabric from fraying. Turn under a one-inch hem and stitch around the top  $\frac{1}{2}$  inch to  $\frac{3}{4}$  inch from the top edge, depending on the width of your drawstring. Cut a piece of ribbon or cording 30" long and thread through the casing. Tie a knot in the ends of ribbon so they won't fray. On the seam opposite the casing opening, sew over the casing and ribbon to keep it in place and the ribbon won't pull thru.

## Car Bag

Fold green fabric (59" wide) in half lengthwise, selvages touching. Cut three bags 9 x 12". Sew around sides and make a one inch hem for the drawstring. If you don't have a serger, just zigzag over the edges to keep fabric from fraying. Turn under a one-inch hem and stitch around the top  $\frac{1}{2}$  inch to  $\frac{3}{4}$  inch from the top edge, depending on the width of your drawstring. Cut a piece of ribbon or cording 24" long and thread through the casing. Tie a knot in the ends of ribbon so they won't fray. On the seam opposite the casing opening, sew over the casing and ribbon to keep it in place and the ribbon won't pull thru.
