

Precious in His Sight

A newborn baby is the most beautiful
Gift we will ever have in our lives.
Sometimes the actions of others may
Cause deep pain and suffering,
But there is one constant endearing feeling that should never leave.
And that is a feeling of love a mother has for her child.

As you hold this precious baby in your arms
May you feel a source of comfort
Knowing how much your Heavenly Father
Loves both you and your child,
That His desire is that you will be successful in all you do
And that this relationship can be a source of
Great joy to both of you.

We have been entrusted to teach, encourage,
Support and love our children
Through infancy, childhood, the teenage years
And throughout their lives.
Even though it requires much sacrifice,
It is the most beautiful gift a mother can give her child.

We have enclosed some lovingly prepared items that
Were created specifically for you and your baby.
We hope they will give you satisfaction as you
Share them with your little one.
It is our desire that you will treasure them and that you will know
That they were created with love from our hearts to yours.
